

A '27 Series' Narrow Cabinet

A File Cabinet Good Enough For Your Living Room

This might look like any other lateral filing cabinet, but it isn't. It's better. It's Can-Am: strong, solid, safe, and durable with a hint of style that just fits - and at less than two feet, it fits a lot of places.

It's also part of the Can-Am family of modules so it seamlessly integrates into any configuration. HF27X24 is perfect for storing letter or legal-sized files, or simply for storing larger items that don't fit into cookie-cutter storage furniture.

Stand-Alone or Modular - HF27X24 Just Fits

With this much capacity, in such a small footprint, it's easy to see why it's our most popular narrow filing solution. Optional legs, wheels, and tops finish it off nicely, and 18 powder coat colors mean it will match any decor.

The full extension sliders give you access to every inch of space - and to avoid tipping, the safety interlocking feature ensures only one drawer can be open at a time.

This stack consists of M4D27X24 on top of an HF27X24 on metal legs.

HF27X24 makes a great desk pedestal. Pair it up with another '27 Series' narrow cabinet that suits your needs and you've got a custom desk - made to order.

SPECIFICATIONS

Weight: 65 lbs
Cabinet Dimension: 23.5" W x 26.75" H x 20" D
Inside Drawer: 20" W x 12" H x 18" D
Weight Capacity: 100 lbs per drawer
Construction: 18 & 22 ga cold rolled steel
Finish: Baked on powder coat available in 18 colors
Lock: Standard (Cabinets can be ordered without locks)

FEATURES

- Safety interlocking drawers prevent tipping
- Key lock for added safety and security
- Heavy duty full-extension ball bearing sliders - for total access
- Includes hardware for connecting cabinets when stacking
- Drawers can be configured for legal or letter sized hanging files

All our drawer cabinets include a key lock for added security and peace of mind. They are all keyed alike for your convenience. This cabinet can be ordered with or without locks.

Why Not Supersize it?

HF27X24 is also available in a full-width version, at just over three feet wide, as HFCAB27. If you have the room, consider it.

- Adjustable feet levelers provide stability and lift the cabinet off the floor. The levelers rest in dimples topside when stacking
- Provides dust-free space efficient storage
- Ideal height and setup for a desk or computer/work station
- Like all Can-Am cabinets, there is no assembly required.

MATCHING COMPONENTS

The HF27X24 shares the dimensions of these cabinets. That's good to know when designing configurations or a desk that needs to be at a common height.
